## **Rice Challenge - What is the significance of 90kg?**

For a farmer in Malawi it is basic survival. If she can sell 90kg of rice she will be able to feed her family and pay for a year of secondary education for one child. This a significant step to economic stability.

We have purchased 90kg of Kilombero rice (60kg white and 30kg brown). I can vouch for its quality and will be selling it in the Welcome Hall before and after the service on Sundays. You can pay in two ways - cash or with the card scanner. £4.00 per kilo. We get a donation if you use the scanner.
